WE RECOGNISE YOU AND THE CAREER YOU WANT. CHECK IT OUT:

- **The work you do** – yes, you get points towards your re-registration for this! We recognise that people learn at work and value your experience.
- **Our accredited courses** – our fantastic listed courses assessed by external experts for a minimum quality standard found on www.physicalactivityaustralia.org.au
- **Courses that are relevant to you and your business that aren't on our list** – submit evidence of courses and other industry activities not on our website and we will let you know how we can recognise it.
- **Self-learning** – our self-learning template allows you to receive recognition for the on-the-job learning you gain every time you train a client.
- **Industry mentoring** – are you mentoring or being mentored? We have the resources to support and recognise this incredibly valuable activity.
- **Industry subscriptions** – selected quality online and magazine subscriptions count towards your registration (call us for details).

Ongoing higher education or VET related study – ongoing high level study is fantastic and deserves recognition.

To register please contact us on the details below and provide all evidence possible to enable us to best assess and provide recognition for your hard work.
